903074 19 Returning stock on Pas-X

Select ^ from the bottom of the screen, Select Materials Tab, Select Show Input Materials Highlight the Material you want to return - Click the Take Out Log Button Click Return, Enter the Quantity to return, Scan the HU, Confirm the amount is correct, OK Select OK to create a new storage unit, Enter Prid and Password.

903074 43 How to check a Batch No.

(If you need to check the batch - Open the Filter Button in the Take Out Log - scroll down and tick the Batch No. Field and Tick the Default Field at the bottom of the table - Press the Save Icon at the top of the dialog box - Enter a name for the filter e.g. Batch Filter and press OK - The batch number should now show in your take out materials log).

ALWAYS RETURN THE LAST HU YOU SCANNED

If you need to check the HU's or Batch Numbers for the order they were scanned - Refer to SOP
SOP 903074 - Page 45 - Scenario 2
